

Sixth Form Parent Notes

Students of the Week

This week's students of the week are our Government and Politics Subject Captains. Well done to Casey Edwards, Harry Baker-Smith, Mya Stewart, Jake Smithson and Tom Read. Before half term they organised an open lecture on the future of Catalan Independence, which was brilliantly presented and prompted excellent discussion. This will be one of a series of lectures they plan to deliver over the coming year.

Year 13 Raising Achievement Evening – Feedback

Thank you to those invited parents who attended and we hope you found it useful. I know from speaking with teachers that they felt there had been many very productive conversations. Please feel free to contact teachers at any time should you wish for updates.

Masquerade Ball - Feedback

Thank you to parents for picking them up so promptly! This was a fantastic and trouble free evening and the venue have even invited us back next year! Well done to the Junior Leadership Team who have now established this new and exciting event onto the Sixth Form social calendar.

Sixth Form Open Evening - Feedback

A huge thank you to those students who helped out at our open evening and to Hardy Sow, Teddy Stevenson and Bethany Phillips who all spoke so wonderfully to parents and students in the Main Hall.

Sixth Form Assembly - Monday

A welcome back assembly but with a specific focus to launch this year's Rule the School. This is held every two years and is a hit with so many of the students. Who will want to take on being Head of Sixth Form for the day!?

Year 12 ATL / Grades and Folder Checks

Over the course of the next two weeks staff will be inputting progress data on Year 12 and carrying out folder checks. This information will help inform early progress and will come home to parents/carers w/c 13 November.

Year 13 UCAS Clinic – Every Wednesday and Thursday 3.30pm–5.30pm Sixth Form Study Area

All applications required for 15th October were all completed in time and we wish those students every success with their applications. We have noticed attendance drop off at these clinics yet we are aware of a lot of students who wish to apply –please encourage them to attend.

Lesson Absence Email

Since sending these at the end of each day attendance has improved dramatically as has the communication in respect to planned/unplanned absences.

Kind regards

Sixth Form Team
