

Sixth Form Parent Notes

Safe Drive Stay Alive – Feedback

This is one of the most powerful presentations that students could see and we hope that it will have a positive impact of how they drive. We often have cars reported for driving fast across the front of school and we really hope this presentation has made them think. It would be great if you could chat to them about this.

Year 13 Assembly – Monday

An assembly for Year 13 in the Old Hall at registration time.

Year 12 Drugs Awareness Presentation – Monday Period 2 Old Hall

This is the postponed presentation from last half term. The presentation is given by an outside speaker who has had a long connection with Oxted School and is done in the most imaginative and yet thought provoking way and truly engages the young people. The speaker presents to the UKs top public schools and to institutions such as the Army. We are very lucky that she has been able to make time to come into school. We do not take lightly to taking students out of lessons, but we believe this to be a very valuable exception.

Year 13 Student Finance England Presentation

On Wednesday 13 December from 12.35pm until 1.35pm, Student Finance England who oversee student loans etc, will be coming in to speak to the students about all things finance; tuition fees, loans, grants etc. If as a parent you would like to attend then please email me directly abennett@oxtedschool.co.uk. I will contact all interested parents nearer the time and meet you in reception to take to the presentation.

Year 12 – Cambridge University Admissions Presentation St Bedes School

Year 12 students have been invited to join this presentation on Thursday 16 November. If they are interested in attending, they should give their names to Mrs Cooper.

Year 12 Ambassador (Mentor Training)

On Tuesday 21 November Year 12 students will be invited to attend a tailored training session linked with student mentoring given by Mrs Baydas. We regularly have over 100 students trained in peer mentoring who support younger students in the lower school. We anticipate a significant number of Year 12 signing up for this very worthwhile project.

Year 12 ATL / Grades and Folder Checks

All grades are going in this week for sending home next week – we hope this will give you a good indication of early progress and attitude to learning

Year 13 UCAS Clinic – Every Wednesday and Thursday 3.30pm–5.30pm Sixth Form Study Area

Attendance at these clinics has dropped off of late, yet we know a lot of students still wish to apply. This is an excellent time to get support, please help us by encouraging students to attend.

Lesson Absence Email

Since sending these at the end of each day attendance has improved dramatically as has the communication from home to school regarding planned and unplanned absences – many thanks.
