### **Student of the Week**

Our student of the week this week is Ai Yamano in Year 13. Ai is an accomplished chef who has won many competitions and is destined for a wonderful future in the food industry. Last week Ai competed at the Hotelympia's International Salon Culinaire held at Excel in London. She competed in the junior petit four category (you actually have to be 18-23 year old) and won a bronze medal!
