

Year 7 Parent Notes

All the work the students do is important towards making progress. Just before the end of the year students in Year 7 will have their end of year exams which will show how well they have done over their time in Year 7.

The exams will be taking place in lessons in the two weeks immediately after May half term (w/c Monday 4 June and w/c Monday 11 June) and will give students the opportunity to show what they know! There will be more information closer to the time detailing the structure of each exam and how you can help support your son/daughter in preparing for them. Some subjects will be assessing the students after half term. This will be good preparation for the end of year exams. There will be details in next week's bulletin about what to expect in the Spring assessments.

We monitor the equipment and homework logs very closely and this allows us to target the students to invite into **SHOW**time for homework support.

Weekly Y7 Homework and Equipment Log			
	EQ	HW	Total
01/01/2018	3	6	9
08/01/2018	21	7	28
15/01/2018	19	19	38

Homework seems to again be on the increase so there continues to be a focus on homework and the expectation it is completed to a good standard and handed in on time.

Please continue to promote good habits at home including a place to work without distractions and time to complete the work. Please also ensure students have the correct equipment for each lesson. Many items of equipment can be purchased in the Maths Office for 10p an item. The Maths Office sells pens (black, blue and red), pencils, erasers, rulers, protractors and compasses. Students are advised to stock up on equipment so if any items break or are lost they have spares to use in class.

Have a good week.
