

## **Year 8 Parent Notes**

A reminder that Year 8 summative assessment start On Monday and will finish on Monday 5 February. Students are assessed regularly throughout the year by all subjects. Year 8 summative assessment week is an opportunity for subjects to assess the students on everything that has been done so far in the year.

The revision list can be found by following the link under the Year 8 section of the school bulletin. Due to an error with the History website links, an updated revision list is available to download via the Year 8 section of the school bulletin.

As we mentioned last week, the assessments will take place during lessons. Your son/daughter has been given an exam timetable by their tutors to complete with details of when their exam is.

We have discovered a very good book written by Carol Vorderman called 'Help your Kids with Study Skills'. It is a very accessible and informative read. We will be sharing selected pages from the book as we progress through the year. The contents page is a link under the Year 8 section of the school bulletin and you will be able to see what the book covers.

Finally we look forward to meeting with you at the Year 8 progress review evening on Thursday 8 March to discuss your child's progress.
