

Year 9 Parent Notes

Hard copies of reports were given to students during tutor time on Monday and were also released on Frog, for both students and parents to access and reflect on prior to the Year 9 Progress Review Evening.

We really hope that every student had a positive and successful evening and where there were some negatives that they have already started to address these. The evening should have provided an excellent opportunity for all students to have meaningful conversations with subject teachers about their Flight Path Grade and Approach to Learning.

The evening should have been primarily about the progress your son/daughter has made over the last half term, however, it was also an opportunity to discuss the suitability of students for taking certain subjects and has hopefully stated to firm up some decisions about what they may want to take next year as a GCSE. We really do hope the students found it hugely beneficial.

Oxted School can also offer one to one meetings with a Careers Adviser from Innervate to help with the next step of GCSE options and longer term career decisions.

Each meeting is followed up with a detailed action plan which is reviewed with the students tutor and sent home. Our Careers Adviser, Mrs Seager, also encourages the students to refer back to her for extra support or with questions or the need for more information. She is available for drop in sessions every Wednesday and Thursday lunch time.

If you are keen for your child to attend one of these meetings or have any queries please email Mrs Seager (sseager@oxtedschool.co.uk) to let her know so that she can book a time.
