

A-Level and BTEC Results Oxted School Young People Celebrate Success and Plan Next Steps

"This is a day that they will remember forever", says proud Principal

Most of us remember waking up on a day like this, knowing that months of dedication, resilience and hard work would soon be reflected in a set of results. It is a moment filled with anticipation, hope and the promise of what comes next.

Thankfully for young people receiving their A-Level results at Oxted School, today marks a moment of triumph. Parents and staff joined the celebration today in the Main Hall, where results envelopes were opened, shared, and applauded.

Thanks to hard work by staff and dedication by students, 99% of young people can now proceed to their next chosen step. 78% of young people have received their first choice at university. 30 students have achieved a place at Russell Group Universities. Ten students achieved exclusively A and A* grades.

Maurice Devenney, Principal of Oxted School said, "These outstanding results are the culmination of years of dedication, courage and perseverance. We are incredibly proud of every student and delighted to see a year group we believed in so strongly achieve so much. Today marks the beginning of exciting futures."

"This is a day that these young people will remember for the rest of their lives. Over the last two years, they have shown tremendous determination, resilience, and commitment, consistently going above and beyond in their studies and investing countless hours of independent work to achieve their goals. We have always known what this remarkable year group was capable of, and today they have exceeded our high expectations. Their success is a testament to their hard work, ambition and character, and we could not be prouder of all they have achieved."

Bringing Out The Best

What comes next for Oxted School leavers?

Thanks to today's results, young people from Oxted School are heading to a range of destinations:

- In September, Ewan M will begin an engineering degree at Durham University. As one of our Student Presidents, Ewan has been keen about this field all through his A-level years
- Simone M starts a Degree Apprenticeship at Binnies, a Civil Engineering company in Redhill, through the University of Brighton
- Three Oxted students are embarking on their Medical School journey: Harrison C starts in September; Emily J and Theo B will start in 2027
- Economics students achieved well and have accepted places at top universities: Dylan G at Warwick University, Joshua G at LSE, and Eugene H at University of Bristol
- Reading History in September are Chloe L-C at University of Cambridge and Louisa F at University of Manchester
- Olivia R will study Architecture at Lancaster University
