

Bringing Out The Best

Oxted School Celebrates Strong GCSE Success

Oxted School is delighted to celebrate another successful year of GCSE results, with students achieving strong outcomes across a broad range of subjects and demonstrating the impact of their hard work, resilience and determination.

This year, almost seven out of every ten students achieved a pass in English and Mathematics, while more than half secured a strong pass (Grade 5 or above) in both subjects. Across all qualifications taken, over 50% of grades awarded were Grade 5 or above, with more than 75% of all grades achieved at Grade 4 or higher.

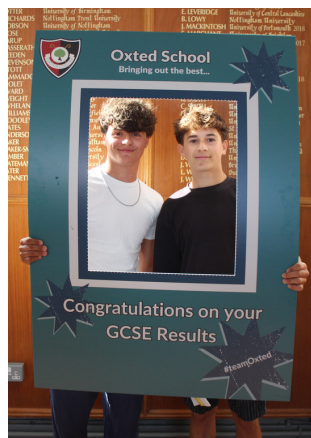

The results also saw a significant number of students achieving the highest grades, with several students securing exclusively Grades 8 and 9. These outcomes reflect the ambition, commitment and aspiration shown by students throughout their time at Oxted School.

Principal Maurice Devenney said:

"We are incredibly proud of our students and everything they have achieved. These results reflect the hard work and determination of our young people, the dedication of our staff, and the unwavering support of parents and carers. What is particularly pleasing is the strength of performance across the year group and across the curriculum."

Seeing so many students achieve strong passes and secure the grades needed for their next steps is a wonderful reward for all the effort that has gone into their education. Combined with the excellent post-16 results celebrated last week, these outcomes demonstrate the ambition, talent and positive momentum that continue to drive Oxted School forward."

We congratulate all our students on their achievements and wish them every success as they move on to sixth form, further education, apprenticeships and employment.
